

Isabel McClelland

Artist

I am a multidisciplinary artist with a BFA in illustration from the Savannah College of Art and Design. Exploring the intersection of illustration and fine arts is a passion of mine. I specialize in portraiture and whimsical art. I work in both digital and traditional media and pride myself on being able to infuse technically strong artwork with humor.

SCADpro Collaboration

Students at the Savannah College of Art and Design may be chosen for SCADpro collaborations, wherein companies enlist a team of SCAD students to complete a creative project.

- Worked with a team to develop a concept for a wall decor collection
- Created concepts for wall decor both individually and in a partnership
- Professionally and confidently presented concepts for artwork to company executives
- Created animated illustrations for presentations and invitations
- Created completed artworks for production with traditional painting techniques and fabric sculpture techniques
